## Introduction

The protection of children and young people is a cornerstone in safeguarding and improving the lives of children and young people with disability. While providing supports and services under the NDIS, workers are uniquely placed to identify and respond to the needs and vulnerabilities of children or young people with disability. Everyone has a responsibility to protect the wellbeing and safety of children or young people whom they have contact, and report any case a child or young person is suspected to be at risk of significant harm.

### When

- failure to disclose—all adults in Australia with a reasonable belief that an adult has committed a sexual offence against a child have an obligation to report that information to the police
- failure to protect—key management personnel will commit an offence if they know of a substantial risk of child sexual abuse and have the power or responsibility to reduce or remove the risk, but negligently fail to do so
- breach of this policy may result in disciplinary action; however, a serious breach may be deemed a criminal offence under relevant legislation.
